Leading organizations also develop long-term capital plans that allow them to establish priorities for project implementation over the long term and assist with developing current and future budgets. 3. Balance Budget Control and Managerial Flexibility When Funding Capital Projects Officials at leading organizations agree that good budgeting requires that full costs be considered when making decisions to provide resources. At the federal level, this calls for a balance between congressional budgetary control and agency flexibility in financing capital acquisitions. As I discussed earlier, some strategies currently exist that allow agencies a certain amount of flexibility in funding capital projects without the loss of budgetary control on the part of the Congress. At the state level, one state we studied is funding the construction of a college campus in stand-alone stages - completing and occupying one building at a time. 4. Use Project...
