Brand New Book ***** Print on Demand *****.In a war against temporal terrorists , how far would you go to preserve your way of life? Would you sacrifice your honor, or the lives of thousands, to safeguard the world as you know it? And if you did, could you ever go home again? For the members of an elite team of time-traveling intelligence agents, history hangs in the balance as they face critical questions such as these-and, depending on their answers, the future of humanity may never again be the same. The year is 1825, and the fate of a civilization 250 years in the future is in jeopardy. But as they embark on a desperate search for answers, they find themselves drawn ever deeper into involvement in a past whose integrity they are sworn to protect. In a world in which life-or-death decisions abound, the question is-how will they manage to save the future, when they may not even be able to save themselves?
