Brand New Book ***** Print on Demand *****.Available for the first time anywhere, Emericus Durden s three essays on skeptical nihilism are collected in one volume. One s experience of the entire transformation process from beginning to end - taking up the method of skeptical nihilism, seeing the practice through to its completion, afterwards stabilizing oneself in the new perspective beyond every possible form of human society and civilization - yes, one s ultimate experience is that of triumph, triumph over oneself, triumph over civilization s charming beliefs and efficient systems, triumph over democracy, capitalism, technology, empirical science, and religion. For all that, the sense of triumph results from winning a painful, protracted war most certainly, a war waged against oneself, not against other people. Indeed, it s about becoming victorious against oneself, if we can allow ourselves to imagine such a thing. And if we cannot yet imagine it, well, I don t feel sorry for any of us because we are all in the same boat at first. That is to say, we are all born equal: equally stupid, equally ignorant of the higher realities, equally possessed by the obsessions of civilization - and therefore equally at odds with our true selves.
