Excerpt: . . . --14--house, Dont go out or dont let anybody in. Would that be isolation in a medical sense A. --Not at all, because parties, those who are not medical men, are so careless about contagious diseases that they inadvertently spread it simply on account of their ignorance and carelessness, simply ignorance. Q. --Why is it that isolation is so strongly urged in cases of yellow fever A. --Because yellow fever is the most infectious of all diseases and the expansion of yellow fever shows what no other disease shows. There may be three or four cases of yellow fever here today; on account of the climatic conditions it is a little dry and not very warm and then tomorrow it becomes very warm causing damp and causing the rapid spread of yellow fever. From these two causes it can run up from 300 to 400 cases in the course of two or three days. That is what is called expansion (explosion is the correct word). It is more chronic (explosive) than any other known, therefore, yellow fever is looked upon as a more infectious disease thau any other. Q. --Therefore, according to your medical testimony, one great thing in yellow fever is isolation A. --Certainly, at the beginning to prevent the spread of the disease in the city threatened with the spread of the disease. (Page 93). Q. --You as a medical expert believe, or do you believe, that yellow fever can be eradicated A....
