

Shareholder Primacy and Corporate Governance: Legal Aspects, Practices and Future Directions

By Shuangge Wen

Taylor Francis Ltd, United Kingdom, 2015. Paperback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****.Rising defaults in the financial market in 2007, the current widespread economic recession and debt crisis have added impetus to existing doubts about companies governance, and cast new light on future trends in shareholder-oriented corporate practice. Taking account of these developments in the field and realising the current need for changes in governance, this book offers a thorough exploration of the origins, recent changes and future development of the corporate objective-shareholder primacy. Legal and theoretical aspects are examined so as to provide a comprehensive and critical account of the practices reflecting shareholder primacy in the UK. In the wake of the financial crisis, this book investigates the direction of future policy, with particular attention to changes in governing rules and regulations and their implications for preserving the objective of shareholder primacy. It examines current UK and EU reform proposals calling for long-term and socially-responsible corporate performance, and the potential friction between proposed legal changes and commercial practices. This book will be useful to researchers and students of company law, and business and management studies.

Reviews

A whole new e book with a brand new standpoint. I have read through and i also am certain that i am going to planning to read again yet again later on. I found out this book from my i and dad advised this pdf to learn.

-- **Audrey Lowe I**

It is fantastic and great. It is really simplified but unexpected situations from the 50 % in the ebook. I discovered this ebook from my dad and i suggested this book to learn.
