

A School Building Program for the City of Winona, Minnesota (Classic Reprint)

By Mervin G Neale

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A School Building Program for the City of Winona, Minnesota The significance of Professor Neale s report on the building survey for the city of Winona, which is published herewith, inheres not merely in the fact that it lays out a statesman-like building program for that city; but it lies rather in the fact that a big educational problem is approached by scientific methods, and a thoroughgoing solution is proposed in the light of results which these methods reveal. In general, building problems in cities of every size have been approached more or less by the rule-of-thumb method, without a complete analysis of all the factors upon which a rational building program can be based. Such an analysis Professor Neale has undertaken in the case of Winona and with such success that the Board of Education has adopted a building program based on his proposed solution as given in this report. This study is also significant because of the suggestion which it carries for the solution of other educational problems confronting communities throughout the country....
