A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

REMEMBERING RESIDENCY

Remembering Residency is a collection of poems that reflects on the experiences of a young physician during his residency in Internal Medicine and Pediatrics. It contains encounters with disease, and with the patients that have shaped and molded his point of view. He describes experiences such as helping patients through addiction, loneliness, bereavement, and physical illness. It is an exploration of the physician s role in times of suffering, of loss, of grace, and of healing. In this book there is deep sadness but there is also joy and hope. There is something in it for anyone who has ever wondered what it is like to see through your physician s eyes, or who has ever carried the burden of illness and sought healing.
