TEACHING AND LEARNING SCIENCE: TOWARDS A PERSONALIZED APPROACH

Open University Press. Paperback. Book Condition: new. BRAND NEW, Teaching and Learning Science: Towards a Personalized Approach, Derek Hodson, This book extends and unifies recent debate and research about science education in several disparate fields, including philosophy of science, cognitive psychology and motivation theory. Through an approach based on the personalization of learning and the politicization of the curriculum and classroom, it shows how the complex goal of critical scientific literacy can be achieved by all students, including those who...
