O. , 2004. OCLC Number: (OCoLC)56125550 Subject: Agriculture -- Defense measures -- United States. Excerpt: . . . 11 Seven-hundred-thousand people - our Nation is not prepared to be able to respond with that kind of response. Therefore, we need statutory authority that requires the training and exercising on the county level, the State level, and the national level to be able to get the organizations that you have shared with us earlier to be in a coordinated and integrated capabilities to respond to this kind of an outbreak. First responders, not only in the agricultural area but also as it relates to law enforcement, as it relates to fire, emergency medical services, all will be pressed into service in a situation like this, as well as the National Guard and the military. I also believe that this total number of people, that this dem-onstrates the need for having the ability to have State and county animal response teams, much like we have volunteer fire depart-ments that already exist in our country. That was a simulation that I showed you last on an intentional introduction into the food production area. This is an intentional introduction of two pathogens into the food processing area. What this demonstrates, and you will see the days as it moves forward over on the right of this particular slide, on December 1, an intro-duction of two pathogens at the processing level in multiple sites. Again, it could be several sites or they could have actual delivery into many sites at one time. Obviously, the more sites they deliver to,...
