Brand New Book ***** Print on Demand *****.THE EXTREME NOVELIST is all about getting a novel written despite the time-sucking distractions of today s world. Every year, through no fault of their own, intelligent, dedicated writers feel the frustration of wanting to write their book-length fiction and fall short of their dreams of becoming successful novelists. Because they haven t yet learned the secrets that every pro knows. The Extreme Novelist s time-tested methods gently inspire and guide the writer to complete a rough draft of a novel in just two months. These techniques were developed for a popular course by the same name, devised and taught by the author at The Writer s Center in Washington, DC. By mastering the simple methods introduced in this book, writers of any genre will commit to an aggressive writing schedule, gain confidence in their fiction skills, and double or even triple their weekly word count. They ll learn how to deal with real-life issues such as time management, establishing a truly productive writing environment, and getting a book written despite distractions (e.g., the dreaded day job).
