Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This vintage book contains Edward Carpenter s treatise on homosexuality. Within this treatise, Carpenter expresses his views on homosexuality, or uranianism as he calls it. He explains how he believes that its ostensible increase marks a new age of sexual liberation. This seminal text will appeal to those with an interest homosexuality and how it was viewed in the past, and would make for a worthy addition to collections of related literature. Many vintage books such as this are becoming increasingly hard-to-come-by and expensive, and it is with this in mind that we are republishing this volume now in an affordable, modern edition. It comes complete with a specially commissioned biography of the author.
