Brand New Book ***** Print on Demand *****.Romania is a constitutional republic with a democratic, multi-party, parliamentary system. The bicameral parliament (Parliament) consists of the Senate (Senat) and the Chamber of Deputies (Camera Deputatilor), both elected by popular vote. In December 2012 the country held parliamentary elections that observers generally considered were without irregularities, and President Traian Basescu reappointed Victor Ponta prime minister. Authorities maintained effective control over the security forces. Security forces committed some human rights abuses. Major human rights problems included police and gendarme mistreatment and harassment of detainees and Roma, including the death of at least one person at the hands of police. Government corruption remained a widespread problem that affected all sections of society. Systematic societal discrimination against Roma affected their access to adequate education, housing, health care, and employment opportunities. Other human rights problems reported during the year included poor prison conditions and continued attempts by some political figures to compromise the independence of the judiciary. The government failed to take effective action to return the Greek Catholic churches confiscated by the former communist government. Personal and professional threats to journalists undermined media freedom. There were continued reports of violence and discrimination against women. There were some anti-Semitic acts and statements, and media continued to publish anti-Semitic articles. Anti-Semitic, racist, xenophobic, and nationalistic views continued to be disseminated via the internet. Government agencies provided inadequate assistance to persons with disabilities and neglected persons with disabilities in institutions. Societal discrimination against lesbian, gay, bisexual, and transgender (LGBT) persons and individuals with HIV/AIDS, particularly children, remained problems.
