Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Making a High School Program The public is devoting more and more of its treasure to the school, particularly to the high school. The high school principal has a responsibility for the economy and efficiency of his school organization. Care and economy mean more funds for education. We might raise salaries on what is now wasted. In industry, with rising labor costs has come greater attention to individual economies. The school cannot escape the tendency. Does the high school principal know whether or not he is getting full efficiency from his organization? Is the work evenly divided? Are teachers overworked or underworked? Are pupil divisions evenly constructed? Are program difficulties solved? The high school principal needs in his equipment the engineers capacity. He is an educational engineer. The high school program, indeed, is an engineering problem. No system of making a high school program on the trial-and-error method is defensible. From mathematical reasons it must be faulty. No purely mechanical method of making a program is adequate, for the result is wrong and the pupils...
